

“Suitable for domestic and commercial applications”

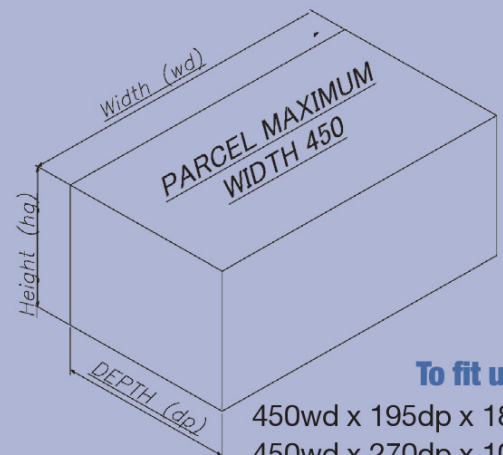

Parcel Safe allows you to have your parcels delivered without the inconvenience. More often than not, deliveries to your home or office don't arrive when you want them to which can lead to a lot of wasted time and frustration as you wait for your parcels to arrive, or you get stuck in irritating queues at collecting offices.

Parcel Safe has a simple open mechanism at the top which allows the courier to deposit a parcel up to a size of 450mm wide. Once the lid is closed the parcel then drops into the safe compartment underneath where your parcel will remain secure until you are ready to unlock the main door and retrieve your parcel.

The unit can be equipped with a security code which the courier can use as proof of delivery.

Please allow 6 weeks for delivery.

“Parcels can now be delivered 24 hours a day, 7 days a week with **Parcel Safe**”

To fit up to:

- 450wd x 195dp x 180hg
 - 450wd x 270dp x 100hg
 - 450wd x 315dp x 15hg
- All sizes are in millimetres
